

IMPORTANT NOTICE – PLEASE READ

The Town of North East Water Treatment Plants will be optimally fluoridating water beginning on or about August 3, 2009. Adults and children who receive their water from these water treatment plants and who are taking prescription fluoride supplementation should contact their dentist or physician concerning continuation of the fluoride supplementation.

If you have any questions, contact your dentist, physician, the Cecil County Health Department at 410-996-5168 or North East Town Hall at 410-287-5801.
